Service Area:

Serving State of Iowa

Project Description:

The Iowa Work Incentive Planning and Assistance (Iowa WIPA) initiative is designed to support all Iowa SSA beneficiaries in pursuing their career objectives and effectively manage their benefits and applicable work incentives at the same time. The State of Iowa is supporting two Community Work Incentive Coordinators (CWICs) through WIPA to complement the other benefits planning resources statewide. In addition, these professionals coordinate a wide array of disability and employment professionals statewide in providing job seekers with information about benefits management. For more information on this project, please contact Sheila or Suzie using the contact information provided above.
